J. A. Nesbitt and wife returned from Salt Lake Thursday.

Ralph DeWitt returned from a two weeks visit in Utah, Thursday.

Several of our young men are thinking seriously of residing in Panaca since the 24th.

A. W. Scott and B. S. Nunn returned from Los Angeles yesterday.

Mrs. J. D. Campbell returned from Salt Lake and Eureka on Thursday's stage where she has been visiting.

Geo. Arbogast has his assay office on Meadow Valley street completed and is now ready to do all kind of work in his line.

The click of the hammer can be heard in every part of town during the day. Quite a number of dwellings are being repaired.

Wednesday and Thursday we were visited by a nice rain shower which cooled the atmosphere considerably. We have the finest climate in the world right here.

Geo. L. Sanford has succeeded to the proprietorship of the Carson News with W. M. Gottwaldt as associate editor.

In another column will be found the "Ad" of Geo. Bethune. He has opened up an assay office on Cedar Street and is prepared to do all kinds of assaying and ore testing. Mr. Bethune was one time state assayer for California and comes well recommended. Give him a call.

Col. McShern, of New York was an incoming passenger on Wednesday stage. He is from New York and is down here to look over the Daily East mining property near the Alps owned by Arbogast and Mullhall. Mr. McShern was in Pioche 25 years ago. He is well pleased over the outlook of the mine.

Sunday evening at 8 o'clock in parlor of the Hotel Cecil, Judge Wm. Orr united in marriage Mr. Arthur Parker and Helen Kerns both of Delamar. Mrs. Rose O'Connor acted in the capacity of bridemaid and F. W. Dickle, took the part as best man. Monday morning the happy couple departed for Ely where they will reside.

Wm. R. Wallace, a mining man from Salt Lake, interested in several dividend paying mines at Park City, has been in town several days getting hold of mining property. He bonded the claims of Dave Borland at Jack-rabbit and several other prospects around about; he made several neat little cash payments. Mr. Wallace is well pleased with this district and intends to visit us often. He departed for Salt Lake Thursday.

Keep it out of the paper, is the cry which the local newspaper publisher daily hears. To oblige often costs considerable, though the party who makes request thinks the granting scarcely worth saying "thank you" for. A newspaper is a peculiar thing in the public's eye.

The news gatherer is stormed at because he gets hold of one item and is abused because he does not get another. Young men, and often young women, as well as older persons, perform acts which become legitimate items for publication and then rush to the newspaper office and beg the editor not to notice their escapades. The next day they condemn the same paper for not having published another party doing the same thing they were guilty of, forgetting apparently their late visit to the printing office.

WILL BEGIN OPERATION.

E. P. Gordon, Charlie Whaley and Fred Mills will leave tomorrow for the Last Chance mine, Highland, with supplies and material to begin active operations. Recently eighteen inches of heavy lead ore running from 60 to 580 ounces of silver to the ton has been encountered in the west shaft and stoping will begin at once.

The Last Chance is an old producer and from it some of the richest, if not in fact the very richest ore ever shipped from this district has been taken. It has been held by Mr. Gordon under bond and lease since last November and development in a small way has been carried on at intervals. Recently while thoroughly prospecting on fault lines the rich ore shoot was encountered and now operations will be resumed to the full capacity of manway room. The lease has been extended for a period of one year and Mr. Whaley and Mr. Mills become interested. Both gentlemen are well and favorably known here and to Mr. Whaley is largely due to recent phenomenal successes of the Bristol mines under his foremanship. Thus another old worked out mine under practical common sense management has become a new producer.

24th at Panaca.

Every available conveyance was pressed into service Tuesday all loaded down with people for Panaca as their destination to spend the 24th and join in the celebration. At 10:30 a very interesting program was administered at the town hall. At 2:30 the crowd gathered at the grove where sports for children consisting of foot races, wheelbarrow races, cracker eating contest, and numerous other contests were indulged in; after finishing up the sports the dance for the children was the next on the program and for two hours the little children enjoyed themselves royally. The horse race in the evening between Ronnows buckskin and Culverwells brown, the brown being an easy winner. At 9:30, the hall being crowded with dancer, the outside town being well represented, dancing was commenced and continued until the wee small hours of morning. Pioche was more than well represented there being 58 people from this city in attendance at the dance there, and all report having had a good time.

RULE OR RUIN PEOPLE.

When I was a kid we used to play ball a good deal, and I remember there were several of us who would not play unless we could be pitchers. Since I have grown up I find that many of us have not gotten over the habit. If we can't be the whole works we won't play. It crops out in church, in politics, in the lodge room and in public enterprises. As long as we can run and boss things we will stay in the game. When some other fellow gets hold of the lines it is different.

The trouble is too many of us imagine we are cut for generals when the Lord intended us for privates. Some time the wrong man gets to be a private. In every town you will find men sulking in their tents, like Achilles of old. But just inquire into the thing a little and you will find out their grievance is because they could not run everything. About the only consolation a sulker gets is in seeing some other fellow take his place and do the work a little better than he could. Don't be a sulker. If you can't pitch, get out and play right field, and if you can't do that carry the bats. If you are the best pitcher in town the people will soon find it out and you won't have to carry the bats any longer. - Ex.

Mr. Will Higgins of the Mining Review of Salt Lake after spending a few days in town left Tuesday for Salt Lake. Mr. Higgins will write-up and illustrate Pioche and surroundings, in his mining journal.

The Bishop Whitaker School for Girls, known as the Episcopal seminary property, in Reno, is for sale.

From Caliente.

F. R. McNamee was in town during the week.

New people continue to arrive every day to reside here.

Ed H. Clark is at the Vegas attending to his business interests there.

The Caliente Social Club will give their second ball Friday night.

Mrs. Roe Thomas and family passed through here from De Lamar Wednesday on their way home to Moapa.

The weather has been a little cooler the past week owing to the frequent showers.

The recent rains have done considerable damage to the farms in Meadow Valley.

Mr. Seibert left for Los Angeles Wednesday on a business trip.

The two Mitchell girls, sisters of Mrs. Hans Olsen and Mrs. Jas. Nesbitt, left during the week for Chicago.

Mr. Hunstreet and family left during the week for Salt Lake on a pleasure trip.

Mr. and Mrs. Frank Callaway returned during the week from Los Angeles, and will make their home here.

Mrs. Fettermann and children, left during the week on a visit to her mother in Utah.

The Seibert residence is nearing completion and will be one of the finest in town when completed.

Mrs. E. A. Culverwell is grading off another lot, preparatory to enlarging her lodging house here.

Quite a number of our saintly people visited Panaca during the week to be in attendance at the celebration of the Twenty-fourth. Most of them have returned and report having had a grand time.

Mr. Fallahays and Teddy Barrett left during the week on a trip to Panguitch Lake, loaded down with fish hooks. They expect to return later with a load of fish to distribute among their friends.

While out cutting pickets during the week, Rufus Pippin and John Consway were returning to camp in the afternoon when they were greeted by a mountain lion quietly eating the remainder of their dinner, it is needless to say the boys never quit running until they reached home about fifteen miles away.

Sandy and Goodsprings.

The Columbia mine is shipping a car of copper ore every two days.

The San Pedro railroad is putting in a 700 feet siding at Jean for the accommodation of shippers from this district.

The Shenandoah and Hoosier are making regular shipments of lead ore.

A Salt Lake Company is developing the South Red Cloud claim.

Dick Feaster is taking out ore on his claim near the Red Cloud and expects to make a shipment soon.

Harvey Hardy is sinking a shaft on the Lavina. He is getting some fine copper ore.

We are having considerable rain since the Fourth.

After the first of next month the stage from the San Pedro railroad will not go further than Sandy. Manse will receive mail by a stage line from the Las Vegas and Tonopah railroad.

Location Notices—two kinds—for sale at this office.

Seven mining locations in Bullion district, Lander county, were recently sold for \$30,000.

A correspondent of the Independent writes of an important strike at Aura, Elko county.

Carson has a school scandal, graft being alleged in the purchase of desks by the School Trustees.

The ceremony of laying the corner stone of the Reno city hall building will take place next month.

When Registration Closes.

As there is some misunderstanding as to the time the registration books close this year, the editor of the Elko Independent submitted the matter to Judge Brown and got his opinion. After reading the law, Judge Brown held that the books close this year at 6 o'clock p. m. on Saturday, September 8th. The law reads that the books shall be open on all legal days from and after the first day of June and prior to the 10th day of September prior to any general election. As the 10th day of September falls on Monday this year, the last legal day for registration will be Saturday, September 8th. Voters should make a note of this and not put off registration until it is too late. Remember that you must register this year before 6 o'clock p. m. on Saturday, September 8th if you want to vote.

No less than nine railroads are being built in this state at the present time.

Two kinds of location notices for sale at this office, the preliminary and complete notice.

A seat on the New York stock Exchange has just been sold for \$31,000. This is a decline of \$4,000 from the last previous sale. The record price for a seat is \$95,000.

"What is the peek-a-boo waist, anyhow?" asked the editor of the Portsmouth, Ohio, Star. The peek-a-boo, you angelic innocent, is a female garment, a considerable portion of which isn't.

Latest information regarding the Pioche railroad is that the Clark forces will finish the line into Bullfrog first. Immediately thereafter these workmen are to be transferred to the Pioche branch.

This is the most assuring and definite light shed on the company's plans and comes thru a letter written by the executive department of the Salt Lake Route to a local business firm.

Inasmuch as the Bullfrog line is almost into that southwestern metropolis, therefore, the time should not be far remote when the rails will be seen going into the old silver district, where there are extremely large tonnage awaiting facilities for transportation at less cost than has heretofore been available. - Telegram.
